

STEVE STREIMER

STEVE STREIMER BIO

Now entering his 9th year racing, Steve Streimer has established himself as a player in the one-make Porsche 911 GT3 Cup Series on the west coast; also known as the Pirelli GT3 Cup Trophy USA West. After taking his Porsche Cayman S to the track in early 2007 for several track days he was hooked. Steve started racing competitively in 2010 with a 2004 Porsche 911 GT3 Cup car. He campaigned the Porsche in both the SCCA and Pirelli GT3 Cup Series posting strong results. In 2012, he progressed up to a 2008 Porsche 911 GT3 Cup car running in the SCCA Majors: GT2 class and the Gold class of the Pirelli GT3 Cup Series. In 2013 and 2014 he finished 3rd and 2nd respectively in the Gold Class Championship point standings of the Pirelli GT3 Cup Series.

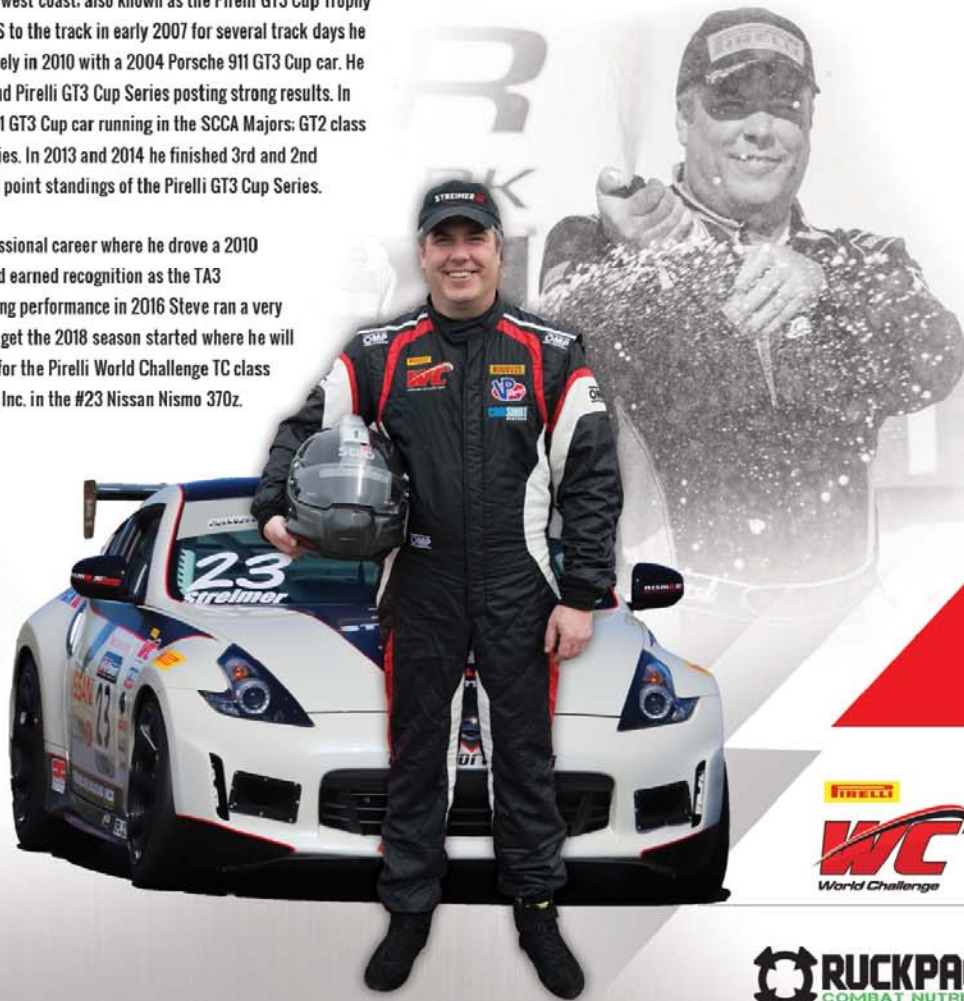

2015, marked the beginning of Steve's professional career where he drove a 2010 Dodge Viper ACRX in the Trans Am Series and earned recognition as the TA3 International Rookie of the Year. After a strong performance in 2016 Steve ran a very limited program in 2017 and so is anxious to get the 2018 season started where he will embark on a new journey as he makes a run for the Pirelli World Challenge TC class championship driving for Tech Sport Racing, Inc. in the #23 Nissan Nismo 370z.
